

Hotel Kämp Helsinki

Protecting guests and assets

traka

ASSA ABLOY, the global leader
in door opening solutions

Case Study

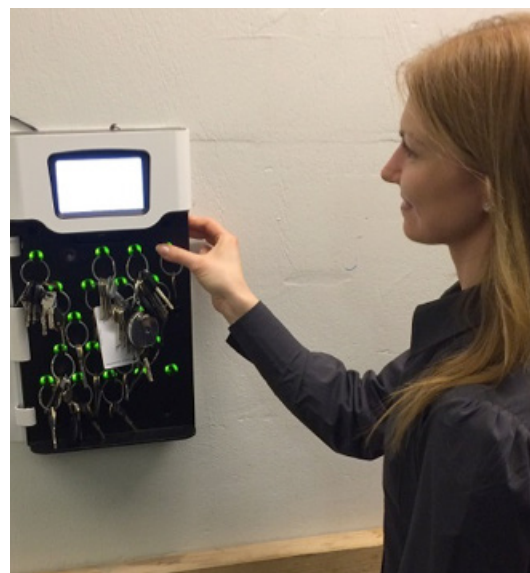

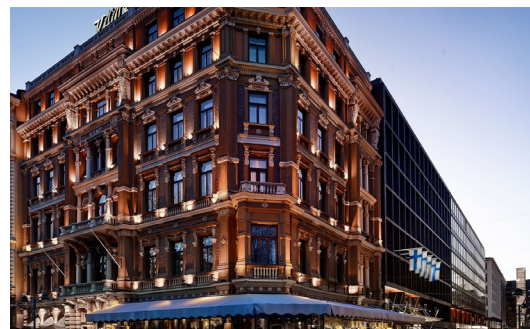

An iconic player in Helsinki's history for over 125 years, set in a building dating from 1887, the fabled Hotel Kämp is situated right in the heart of the city centre. Boasting 179 rooms, the hotel is regularly regarded as one of the finest in Helsinki. Hotel Kämp is part of Starwood Hotels and Resorts Worldwide Inc., one of the world's largest hotel companies.

Requirement

Secure storage of keys is particularly important in the hotel sector, and the safety and security of the hotels guests and assets are a vital concern for the hotel staff. It was important for staff to be able to control access to the various keys around the hotel. Missing keys represented a significant risk to guest safety if they fell into the wrong hands.

Why Traka21

Traka21's innovative plug and play system provides the very latest in intelligent key management. Simple, efficient and cost effective, Traka21 helps trace and account for every key or keyset, which is individually locked in place, ensuring that critical business operations are never jeopardised. The transition to Traka21 from the hotels former key management system was simple and effective. All staff were fully trained on the features and functionality of the cabinet, and the hotel were also able to remove a significant number of redundant keys from the system.

"The cabinet is so easy for all our staff to use. We can find whichever keys we need quickly and at any time"

Marjo Huhta, Front Office Manager

"The system is clear and easy to use. Our keys are no longer lying around everywhere"

Tero Thynell, Hotel Manager

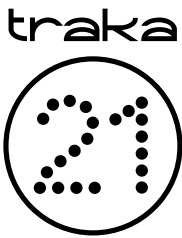

"We have had a very good experience with the cabinet at Kämp.

The change is certainly worth the effort and cost"

Petteri Sistonen, Kämp Group Security Manager

KÄMP
HOTEL
HELSINKI
